Substituting for Theo. G. Bilbo, candidate for governor, Senator Carl Marshall, of Bay St. Louis, spoke to a big crowd at Brandon on Monday, accompanied by several other gentlemen from Bilbo Headquarters. Press reports are to the effect Senator Marshall was at his best and the ovation accorded him gave every evidence of the hearty response with which his address was received.

Many votes were won over to Bilbo, Senator Marshall's clarity of thought and expression removing doubt and in some instances opposition.

Senator Marshall will continue filing Ex-Governor Bilbo's dates during the latter's illness, and even after

**Head of Local Convent and Academy
Departed Wednesday Evening—**

Closing a long and useful life, Sister St. Augustin, mother superior of

St. Joseph's Academy, Bay St. Louis, passed away peacefully and beautifully as she had lived, on Wednesday evening at twelve minutes before six by the clock.

She had been a victim of a malady of the heart and other kindred ailment, practically an invalid for the last few years, but bore the circumstance of her illness with sublime for-

itude and through it all continued as the chief executive of local convent and boarding academy and schools. It was through the fine business acumen of Mother Augustin.

CONTRACTS SIGNED FOR CHEF AND RIGOLETS BRIDGES.

A press telegram from Baton Rouge, dated Tuesday, states the construction of the free bridges across the Chef Menteur and the Rigollets was signed that day in the highway commission offices at that place.

Arthur W. Buttenheim, vice-president of the Frederick Shire Corporation, successful bidders, signed for the contractors and Governor O. H. Simpson signed as chairman of the state board of liquidation. Major Frank T. Payne for the Louisiana Highway Commission and Nicholas W. Bowden as state highway engineer.

The dispatch further assures us "men will be on the job doing preliminary work within ten days," according to a statement made by Mr. Buttenheim, previous to starting on his return journey to New York.

Actual construction work will be under way in about two and one-half months, he added, the time intervening being required in order to gather the necessary materials. The contract provides that the work shall be completed in 400 working days. The work is to cost \$244,441.83.

The company now just completing the construction of the foundations for the \$500,000 bridge will then be to connect St. Louis with New Orleans.

This is indeed good news to the Mississippi Gulf Coast residents, who have longed for a direct route to the Gulf of Mexico and the Gulf States.

THE GULF COAST.

That the Mississippi Gulf Coast for the Fourth of July week-end attracted the biggest crowd of visitors in its history, a record-breaking number in every sense, is the subject for comment ever since and there is no better arguery for the Gulf Coast viewed as a factor of growth and popularity.

The magic of the Mississippi Gulf Coast is calling, appealing and compelling and with the tide turned this way and the building of free bridges no more in the embryo but at hand; with others in process of completion, there is every assurance the tide has turned this way.

Every week-end attracts thousands of motorists, this number limited, however, in a measure, due to the absence of certain bridges. But this obstacle will be removed within a comparative short time, we may well look forward to that time long a dream, but now soon a fond realization to be.

In this connection it is well to reproduce this remarkable editorial, which appeared in the New Orleans Tribune a few days since, telling, as it does, the truth. A story well and accurately told. A trend of thought and things that are actual, and it is well these things be recorded. It brings to the mind a better visualization, a more vivid picture of things as existing and will inspire confidence all the more.

The Tribune says, under caption, "The Coast Coming":

Over the Sunday-Fourth of July week-end, practically every resort on the Mississippi Gulf Coast was crowded to capacity. New Orleans with its million shows a disposition to avail itself of its easier access to the Gulf Coast by automobile highways. It is showing a further disposition to make use of the improved resort hotel facilities on the Coast. It has waked up to the Coast's advantages because of the wide publicity the Coast improvements.

New Orleans and Mobile, at either end of the Gulf Coast, and South Mississippi, Louisiana and Alabama cities within easy access by motor or rail to the Coast, give it at least three-quarters of a million of summer city population to draw on for summer business. Besides these nearby cities there are Memphis, Birmingham and other Southern cities embracing a million city population within the radius of a night's run of the Gulf Coast.

Everyone knows that the most profitable business of a Southern resort community is its winter business. Many Florida resorts operate at a profit on a sixty to ninety-day basis. But the Gulf Coast has a longer fall and winter season than has Florida. And it has an assured and increasing summer business because of its accessibility to nearby Southern cities. This is the real foundation for profitable resort development on the Gulf Coast.

When a hotel or boarding house can keep its organization together and pay its operating expenses in the fall season and when it can do practically a capacity business in the winter and summer season, it represents the surest kind of a shot.

We do not know of any winter resort in America located as favorably as is the Mississippi Gulf Coast. For a while after its first boom there was a re-shaping of values. It felt the hectic boom there. But it is established and preparing to go ahead. New Orleans people who visit the Coast this year for the first time in two or three years will scarcely recognize the place. Next year there will be more changes, and every year thereafter there will be changes and improvements.

The completion of the bridges across the Chef and Rigollets will do much to improve business on the whole Coast. The completion of the Watson-Williams bridge will vastly increase the business of the section. The completion of bridges along the Coast itself will substantially improve Gulf Coast traffic.

CLEMENT R. BONTEMPS POST.

Clement R. Bontemps Post 139 of the American Legion, of Bay St. Louis, has officially been declared by state Headquarters as having established the best membership record of any Post in the state in the past two years; thereby winning several national citations and a state award. With a membership in 1926 of 17 within a month the total now stands at 142, or increase of over 700 per cent. The Post now has one of the 6th largest memberships in the state, ranking with cities many times its size. The phenomenal success is due to the commander, officers and personnel; the Post as a whole working in perfect union.

Last year, two delegates represented the Post at state convention at Vicksburg. On the 26th of this month, seven delegates will go to Greenville, where the Legion, Auxiliary and 40-8 will convene. Legionnaire (vice-president of U. S.) Dawes, along with ex-President Markham, of I. C. R. R., and Davidson, member of ex-President Wilson's cabinet, will be principal speakers. The Bay St. Louis delegation will have traveled farther than any other representatives in the state.

A DISTINGUISHED SPEAKER.

The Associated Press wires are carrying the story daily of Senator Carl Marshall, of Bay St. Louis, substituting and speaking for Ex-Governor Bilbo, candidate for renewed gubernatorial honors, who is reported suffering from a nervous breakdown, registered at a Jackson hospital.

Senator Marshall is filling Mr. Bilbo's schedule of dates, taking the ex-Governor's place and delivering addresses, according to the reports of mouth and press, that are not only convincing but carrying influence and power.

Bay St. Louis, Hancock county, the home of the distinguished senator, is justly proud of its citizen, known from one end of the state to the other; and whose talent has been requisitioned to carry on the work of Theodore G. Bilbo, who, from all reports, is easily a leading candidate and the probable winner.

Senator Marshall is a distinguished citizen of the State as well as a distinguished speaker. He is constantly called upon to deliver addresses over the State, and both as Representative and later as Senator, he has frequently been heard at the Capitol, winning golden encomiums of praise from every side. No public speaker in the State of Mississippi is more in demand than he.

Bay St. Louis has the distinction of being the pioneer in seawall building along the Mississippi Coast, perhaps the most outstanding and lasting improvement of the entire Coast today. Meaning most and serving more.

Dixie Minstrels By K. C.'s

"Laugh and the world laughs with you,
Sigh and you sigh alone,
For this sad old earth must borrow its mirth,
But has sorrow enough of its own."

So wrote the poet years ago, and the Casey Comedians are coming to make you laugh and forget the cares and sorrows. This will be Wednesday night, August 10th, at the Woodman hall. The Caseys will stage the Dixie Minstrels, a show thoroughly modern in all respects, in connection with the Minstrel will be offered two other numbers, the one along the line of Juvenile Frolics, or Folies of 1937, the other will be a sketch entitled, "A Dark Secret"—a scream from beginning to end. The Personnel will include such celebrities as Arthur Cupid Scalfide; Harry Deacon Saucier, Charles O'Toole Gordon, Buck Carmel Carrio, Claude Chocolate Bourgeois, Alden Molasses Mauffray, Henry Hotfoot Landry, Eddie Asthma Arceneaux, Robert Valentino Van-court and others equally as good.

This troupe is scheduled to show at Gulfport and Biloxi with dates pending at Ocean Springs and Pass Christian, the Coast folks know what the Caseys can do, so if you wish an enjoyable afternoon go to the Woodman hall Wednesday, August 10th.

Two valuable prizes will be offered to the persons selling the greatest number of tickets. Those wishing to enter the contest will see Mr. A. G. (Red) Favre. He will give full particulars. Prizes will be on exhibit at the various stores within a few days.

Too Much "Acid?"
Excess Uric Acid Gives Rise to Many Unpleasant Troubles.

AUTHORITIES agree that an excess of uric acid is primarily due to faulty kidney action. Retention of this toxic material often makes its presence felt by sore, painful joints, a tired, languid feeling and, sometimes, toxic backache and headache. That the kidneys are not functioning right is often shown by scanty or burning passage of secretions. Thousands assist their kidneys at such times by the use of Doan's Pills—a stimulant diuretic. Doan's are recommended by many local people. Ask your neighbor!

GULF COAST LAND BRINGS \$6,333,517 WITHIN ONE YEAR

Figures From Hancock and Harrison Counties Show Only Partial of Total—Hancock Holding Fair Average—Compilation to July 11th.

By GORDON HUFF.

From July, 1926, to June, 1927, there were 4,523 real estate transactions filed for record in Hancock and Harrison counties, Mississippi, with a total valuation of \$6,333,517.61, according to figures compiled here. Figures for June of this year are not available, but the impressive total of more than \$6,000,000 for the eleven-month period is encouraging in face of the fact that business in general throughout the South has been considered slow during the last year.

Of the transactions, 2,179 were recorded in Harrison county with a valuation of \$5,386,930 and 804 were recorded in Hancock county, showing a total valuation of \$946,587.61. These figures do not represent the total sales price by any means. It is pointed out, because a number of deeds were recorded "for \$1 and other considerations," and there is no method of ascertaining the value of properties thus transferred.

The record by months for the eleven-month period in the two counties follows:

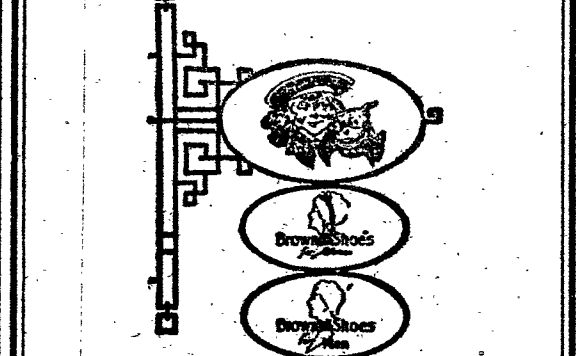

Hancock county:	Month	Deeds	Value
	July, 1926	78	\$61,738.42
	August	74	\$3,131.00
	September	67	\$7,483.01
	October	88	\$28,751.27
	November	59	\$69,515.33
	December	18	\$143,765.40
	January, 1927	163	\$78,908.88
	February	59	\$4,361.66
	March	33	\$1,421.41
	April	102	\$103,185.98
	May	33	\$6,089.72
	To June 11	30	\$6,227.53
Totals	804		\$946,587.61

Harrison county:	Month	Deeds	Value
	July, 1926	157	\$905,375
	August	233	\$28,823
	September	190	\$21,730
	October	344	\$53,143
	November	208	\$372,506
	December	289	\$429,787
	January, 1927	267	\$411,424
	February	291	\$648,989
	March	282	\$518,215
	April	247	\$300,502
	May	211	\$421,492
Totals	2719		\$5,386,930

S. S. C. Catalogue.

The faculty of St. Stanislaus college, of Bay St. Louis, has issued the past session's catalogue, 1926-27, one of the most attractive and interesting getting-up set put out, breaking away from the former standard of many years. The new form is not only attractive but will appeal more to the reader. In all it is quite a comprehensive and interesting compilation of the college's and student body's data for the year and will be perused with more than ordinary concern, printed on supercalendared paper and profusely illustrated.

Copies may be had for the asking at the college. Day pupils and others locally interested may call or send. The Echo is authorized to make this statement. Get your copy today. It is worthy of keeping.

Officers for the college are Rev. Bro. Peter, president; Rev. Bro. Edmund, vice-president; Rev. Bro. Maurice, secretary-treasurer. Aside from the academic departments other departments are headed as follows: Mr. Foster Commagere, athletics; Miss Mary Wingerter, R. N., resident nurse. Mr. Joseph Hemmersbach, music, with Rev. Bro. Oliver, C. L. Horton, M. D., attending physician.

Suck A Difference.
Aunt—"So you have learned a new piece, dear?"
Niece—"No, it isn't a new piece; the piano has been tuned!"

How It Is Done.
"Yes, Archibald, Robert does make more money than he spends. He works at the mint."

Why Firestone GUM-DIPPED TIRES Wear Longer

WE recently were given the tremendous advantage of having the mammoth Firestone factories brought to us. In Tire Educational Meetings we were shown, by means of motion pictures, charts, tire samples and complete engineering data, the details of Firestone tire design and construction—and how Firestone and Oldfield tires and tubes are made in the world's most efficient and economical rubber factories.

Firestone pioneered the original low-pressure tire and made it practical by Gum-Dipping. The motion pictures showed us how the cords of the carcass are dipped in a rubber solution, thoroughly saturating and insulating every fiber of every cord with rubber. Simple demonstrations and tests illustrated the great advantage of this process, which supplies the extra strength to withstand the extra flexing strains of low-pressure construction—one of the reasons why Firestone Gum-Dipped Tires are establishing such unheard-of mileage records.

We learned why the Firestone Balloon Tread gives extra safety, comfort and long wear. We were shown why Firestone, from the very beginning, designed and continue to use the round Balloon Tread, minimizing "shoulder breaks", so destructive to tires. Excess rubber at the edges of a Balloon Tread is wasted—actually detrimental to tire mileage. In the Firestone Tread the small units and sharp projections are scientifically placed to permit easy flexing, resulting in extraordinary riding comfort.

Come in and let us put a set of these Gum-Dipped Tires on your car—you can forget about tire trouble. Quality is higher than ever before—prices are lowest in history. Buy now!

See how CLEAN it is!

LOOK into the crystal-clear bowl of the next Pan-Am pump you pass. Your own eyes will tell you that here is a gasoline free from dirt and sediment! And, even more important, the careful Pan-Am refining process removes impurities you cannot see: corrosives and carbon-forming elements. This clean gasoline will keep your motor cleaner, because it forms

less carbon. It will also give you a new thrill when you step on the accelerator, for the quick spurt or the long pull. And you'll find that your car goes more miles on every gallon, with Pan-Am in the tank.

... a TOUGHER OIL
It will also pay you to insist on the improved Pan-Am motor oil. This tougher oil retains its body in spite of engine heat and friction.

Thus it gives 100% lubrication value; effective protection for your motor. And it has the endurance to keep on the job mile after mile; long after ordinary oils are thinned to the danger point.

Both of these better motor products are sold by Pan-Am dealers everywhere. Look for the familiar cream-colored Pan-Am pump. It marks a reliable place to trade.
